RELIVING
IMAGINATION
BY COLORS

When you think of solid colors, iridescent white comes to mind. Yet, colors come in an endless variety of exotic hues! So why not pick the color that best suits your personality? And remember, colors can display more than one color as the layers of iridescent nacre reflect light and pick up the surrounding colors it touches.

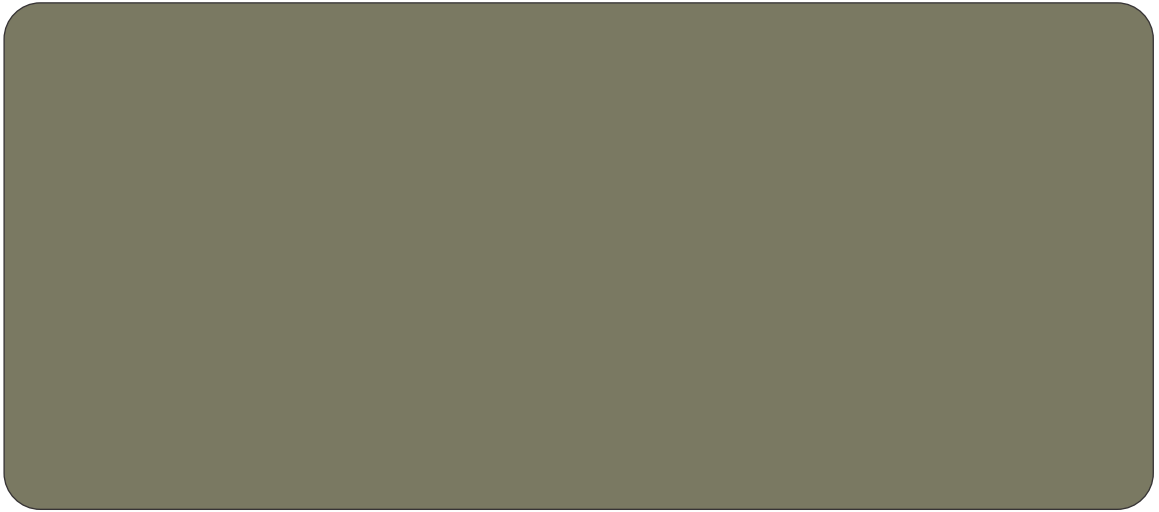

INTERIOR DESIGN BY COLOURS & SOUL

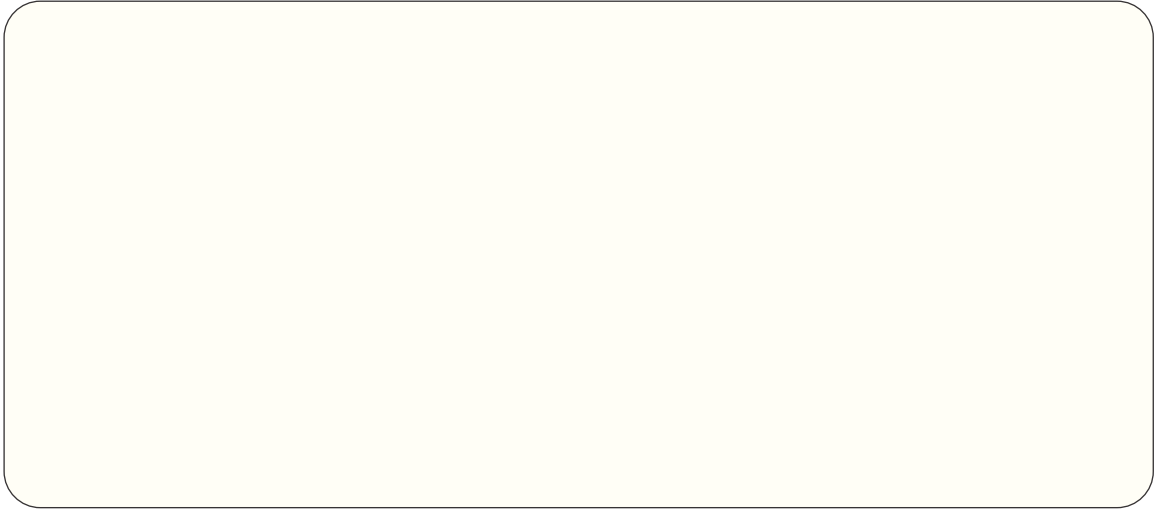

Interiors will become even more layered with contrasting elements and periods of style. The vibrant colours, motifs and patterns in Cross Coolture trend create dynamic, multicultural settings sometimes by incorporating any kind of exotic elements.
